Garden

### Spray Pattern Adjustments

Depending on your watering needs, you can manually select from the various pattern settings:

- Flat - The flat pattern will provide a flat wave of water.
- Fan - The fan pattern disperses water in a wide fan shape.
- Large - This provides a larger watering spray area.
- Full - This pattern provides strong distance watering.
- Jet - Concentrated far distance watering.
- Mini - Provides gentle spray for delicate plants.

### Spray Angle Adjustment

Adjust the tabs to change the spray angle to fit your needs (from 5° up to 360°).

### Range Tab

Move the tab in or out to control the spray distance and water where it's needed.

### WARNING:

Intended for outdoor agricultural or horticultural use only. This is not a toy. Severe electrical shock could result if water is sprayed into outlets or sources of electrical current. Do not use water more than 115°F (46°C). Do not use when the ambient air temperature is less than 40°F (4.5°C). When not in use, drain and store indoors away from freezing temperatures.

**WARNING:** This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).
