

94801-EDAMZ

METAL THUMB CONTROL ADJUSTABLE NOZZLE

One-Hand Variable Patterns & Flow Function

Effortless push thumb flow control valve
One-Hand Variable Patterns & Flow Function

Robust, zinc construction for longer lasting time

Soft coated TPR tip provides for added protection from damages

Ergonomic in design to avoid manual dexterity and fatigue challenges

New honeycomb design finish provides extra grip in wet conditions

Quick connect adapter fits most brands of garden hoses

Our unique One-Hand Variable Patterns & Flow Function thumb control provides for using variable watering patterns. Adjust from jet, cone or mist, including on/off. (No squeezing required for water flow control)

Made of rugged zinc alloy cast inner body with TPR handle for a softer more gentle grip makes this spray gun more versatile and comfortable to use. The adjustment tip is protected by a TPR coating making for a soft touch and added protection against damage.

Designed for continuous adjustable water flow on the go. It is longer lasting and easier to handle than other models of spray guns. Ideal for the elderly and young alike as it is effortless and light to move. This is a sturdy, reliable, easy to use functional garden nozzle that will make watering a pleasure, from watering plants to cleaning vehicles, homes, driveways, etc.

All of our adjustable water spray guns provides the perfect range of pressure for watering.

One-Hand Variable Patterns & Flow Function

6 ↔ **6** Secure twist-and-lock mechanism prevents accidental disconnection

A simple quick adapter (2 pcs) and hose connector (1 pc) with a water stop feature included will simplify your watering experience. Simply connect the connector at the end of your hose, and then attach your accessories to the adapter. You can interchange various accessories in a just a snap without any need to turn off your water tap as the adapter will stop the water flow once you remove the accessories. No more kinking or hose twisting as the adapter allow you to swivel your hose 360° degrees.
