

Zinc Alloy design construction for longer lasting time

Effortless Thumb adjustable water flow control switch

Gentle and smooth water flow
Shower head and body designed to be sturdy and long lasting

New honeycomb design finish provides extra grip in wet conditions

Quick connect adapter fits most brands of garden hoses

A FULL FLOW SHOWER FOR EASY EFFICIENT GENTLE WATERING

Allows complete and total water flow control with just a flick of the thumb. Adequately saves water while watering from one plant to the next. Eliminates the strain created from squeezing compared to many other current watering tools. Made of zinc for a sturdy and durable feel. Has a soft rubber over mold for additional protection at natural wearing points. Removable shower head for cleaning when required. Allows for you to clean the unit when the water pressure is reduced.

Gentle and smooth water flow

Thumb adjustable water flow control switch

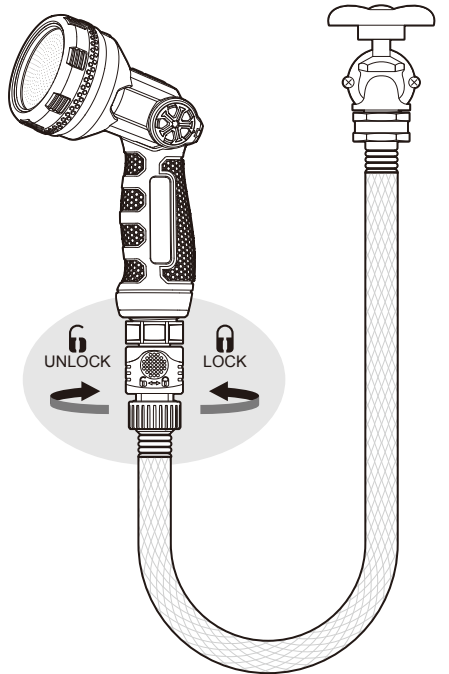

Maintenance & Care

1. To clean the nozzle head, simply remove the head by turning the red ring counter clockwise until the ring is off. (Fig. 1 & Fig. 2)
2. Remove the aluminum head and clean it by hand with water. Check out the inner side of the head for any dirt. If there is dirt, use water to clean. (Fig. 3)
3. If there is no dirt, return the aluminum head onto the nozzle head and screw the red ring back on by turn it clock-wise.

Secure twist-and-lock mechanism prevents accidental disconnection

CAUTION

- For outdoor use with cold water only
- Do not spray near electrical connections
- When not in use, rinse the tool with water to remove most of the dirt, dry your tool, and store indoors

This product contains chemicals known to the state of California to cause cancer, birth defects, and other reproductive harm. For more information go to www.P65Warnings.ca.gov

A simple quick adapter (2 pcs) and hose connector (1 pc) with a water stop feature included will simplify your watering experience. Simply connect the connector at the end of your hose, and then attach your accessories to the adapter. You can interchange various accessories in a just a snap without any need to turn off your water tap as the adapter will stop the water flow once you remove the accessories. No more kinking or hose twisting as the adapter allow you to swivel your hose 360° degrees.

Quick and easy connections to 5/8-inch and 1/2-inch garden hoses, sprinklers, nozzles, and or any other garden watering tools
