

METAL THUMB CONTROL BUBBLE ADJUSTABLE NOZZLE - 5 PATTERN

Zinc Alloy design construction for longer lasting time

Effortless Thumb adjustable water flow control switch

Continuously adjustable efficient watering patterns

New honeycomb design finish provides extra grip in wet conditions

Quick connect adapter fits most brands of garden hoses

Lightweight Thumb Lever Control allows you to control and adjust the spray volume including on/off on each pattern with just a push of the thumb lever (No squeezing required for water flow control!). Adjust from bubble jet, hard jet, fine mist, flat jet & full shower.

Patented oxygenating chamber infuses millions of microscopic bubbles modifying ordinary tap water, improving the absorption of the nutrients into the soil.

The large easy nonslip TPR grip handle is ergonomic in design. Designed for continuous adjustable water flow on the go. It is longer lasting and easier to handle than other models of spray nozzles. Ideal for the elderly and young alike as it is effortless and light to move. This is a sturdy, reliable, easy to use functional nozzle that will make watering a pleasure.

Maintenance & Care

1. To clean the nozzle head, simply remove the head by turning the red ring counter clockwise until the ring is off. (Fig. 1 & Fig. 2)
2. Remove the aluminum head and clean it by hand with water. Check out the inner side of the head for any dirt. If there is dirt, use water to clean. (Fig. 3)
3. If there is no dirt, return the aluminum head onto the nozzle head and screw the red ring back on by turn it clock-wise.

Secure twist-and-lock mechanism prevents accidental disconnection

⚠ CAUTION ⚠

- For outdoor use with cold water only
- Do not spray near electrical connections
- When not in use, rinse the tool with water to remove most of the dirt, dry your tool, and store indoors

This product contains chemicals known to the state of California to cause cancer, birth defects, and other reproductive harm. For more information go to www.P65Warnings.ca.gov

A simple quick adapter (2 pcs) and hose connector (1 pc) with a water stop feature included will simplify your watering experience. Simply connect the connector at the end of your hose, and then attach your accessories to the adapter. You can interchange various accessories in a just a snap without any need to turn off your water tap as the adapter will stop the water flow once you remove the accessories. No more kinking or hose twisting as the adapter allow you to swivel your hose 360° degrees.

Secure twist-and-lock mechanism prevents accidental disconnection
