nozzles vertical to 45°
creating twirling pattern

Center fountain head nozzle
creating fountain effect

Additional extension
connection

Hose connector

Added weight In base
for increased stability

**Quick Connect Adapter fits
most brands of garden hoses**

Water your lawn and enjoy a show with the Eden 360° Degree Adjustable Revolving Sprinkler. The 3-arm design twirls and provides a dancing water effect that is fun to watch and provides ideal watering for your lawn or garden. It's easy to set up, easy to adjust and has added weight in the base for stability.

Multi-purpose in design for all of your watering needs. From lawn irrigation, greenhouse watering, area cooling and more. The speed of the rotation varies according to the angle of the arm nozzles. From 90° (no rotation) to 45° (full rotation), you can adjust the rotation speed to suit your needs.

Attach the sprinkler to the hose connector and turn on the faucet to start watering a large circular area. Just the pressure of your household water supply can achieve automatic garden/lawn irrigation. It can be connected in series with other units to increase the reach (max. suggested 3).

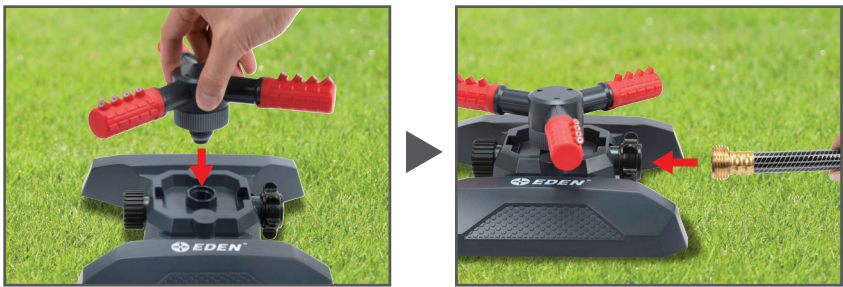

Features & Benefits-

- Easy to use and setup
- Durable base design with added weights provides stability
- Made from premium ABS material for strength
- 360° rotating spray
- 15 nozzle points provide a dancing fountain watering effect
- Great for summertime amusement
- Watering without wasting water resources
- Easily adjust for smaller or larger watering areas
- Capable of watering up to 1500 sq. ft (140 m²) based on 30 PSI

For setup, you can choose Method A or B

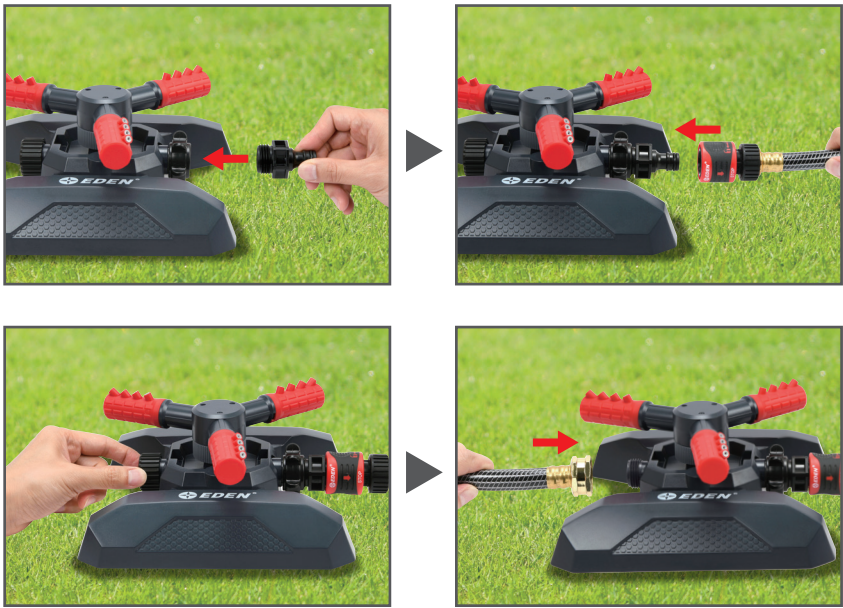

Method A

Simply attach the sprinkler to the top of the base
(Do not overtighten) and connect to your hose.

Method B

Connect the adapter to the base, attach the hose with the quick lockable connector, then simply snap in the water hose to the completed assembly.

To extend, simply remove the end-cup and attach another hose and connect another sprinkler.

⚠ CAUTION ⚠

- For outdoor use with cold water only
- Do not spray near electrical connections
- When not in use, rinse the tool with water to remove most of the dirt, dry your tool, and store indoors

This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer.

The Quick Connect Adapter (2 pcs) and Hose Connector with Water Stop (1 pc) simplify your watering experience. Simply attach the connector at the end of your hose. Then, connect the adapters to your watering tools. Interchange various tools in a snap without turning off the water as the adapter will stop the water flow. No more kinking or hose twisting as the adapter allows the hose to swivel 360 degrees.
