

Premium Aluminum Garden Hose Quick Connect with Water Stop Set

NON SPLASH

A quick connect system makes hose connections a snap. Change tools without getting wet!

Make switching between watering tools easy with the Premium Aluminum Garden Hose Quick Connect with Water Stop Set. No more getting wet while trying to switch between your sprinkler and hose nozzle. These durable, sturdy, and convenient quick connect fittings save time and conserve water. The standard threads work with all standard garden hoses and watering accessories. Made of solid aluminum with a rubberized grip, the Quick Connect Set provides for an easy on/off connection. The water stop blocks water when accessories are disconnected. Quickly snap the tools on and off without worrying about leaks.

Features & Benefits

- Aluminum construction offers strength and durability for years of use without leaks
- Easy to connect with rubberized hand grips designed for easy on/off connection; no need to screw and unscrew watering tools
- Water stop blocks water so you can disconnect your watering tools without getting wet
- Save time by switching tools without shutting off the water and allowing for mobility and freedom during outdoor watering chores
- Standard 3/4" threads fit all standard garden hoses and watering accessories

Step 1

Attach the Product End Connector with Water Stop to the hose

Step 2

Attach the Product Adapter to the watering tools

Step 3

pull back the slide ring

Attach the watering tool to the hose by pulling back the slide ring of the connector and inserting the product adapter

Step 4

Release the slide ring of the connector to create a tight seal

Step 5

Easily snap the watering tools on and off whenever you need to switch tools even with the water running

Step 6

To disconnect, simply pull back the slide ring of the connector and remove the watering tool

⚠ CAUTION ⚠

- For outdoor use with cold water only
- When not in use, rinse the tool with water to remove most of the dirt, dry your tool, and store indoors
- Do not leave hose under pressure when not in use

This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov

The Premium Aluminum Garden Hose Quick Connect with Water Stop Set will simplify your watering experience. Simply attach the connector at the end of your hose. Then attach your watering tools to the adapter. Interchange various tools in a snap without turning off your faucet as the connector will stop the water flow once you remove the accessories. No more kinking or hose twisting as the connector allows you to swivel your hose 360 degrees.

Premium Aluminum Garden Hose Quick Connect with Water Stop Set fits all U.S garden hoses, sprinklers, nozzles, and/or any other garden watering tools
