

4-WAY ADJUSTABLE MINI OSCILLATING SPRINKLER with METAL BASE

Spray Width tabs (2) control the width of the watering area

20 clog-resistant spray nozzles for even watering

Water flow control knob adjusts the overall watering area

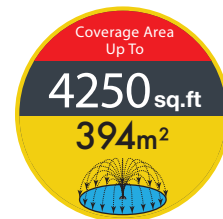

Spray Range tabs (2) control the length of the watering area

Flow-through design allows for additional units to be connected in series

360° rotating head controls spray direction

Filter prevents sediments and dirt from getting into sprinkler

Aluminum wide "H" shape platform design for more stability

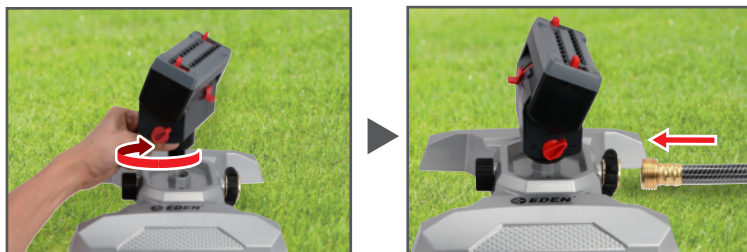

Quick Connect Adapter fits all standard U.S. garden hoses

Assembly

Simply attach the sprinkler head to the top of the base and connect to your hose

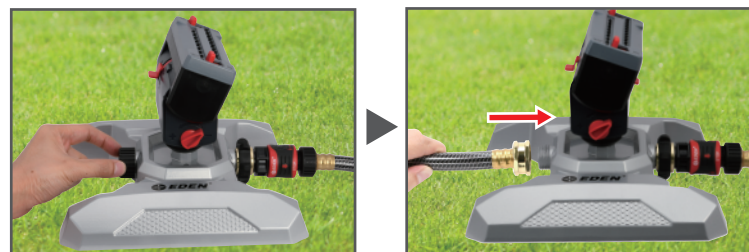

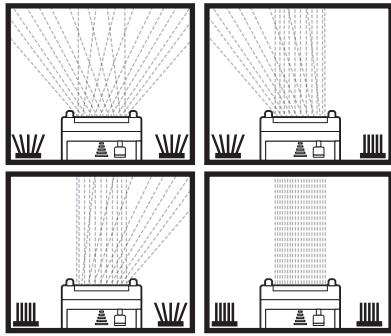

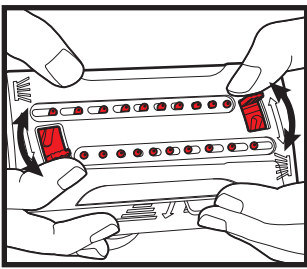

Set-Up with Quick Connect

Attach the sprinkler head to the top of the base. Connect the Product Adapter to the base of the sprinkler. Attach the lockable Quick Connect to the end of the hose and simply snap in the hose to the sprinkler to begin using.

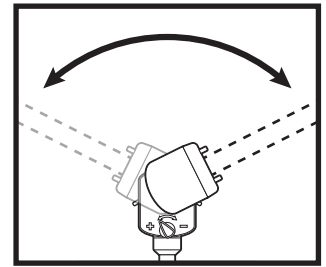

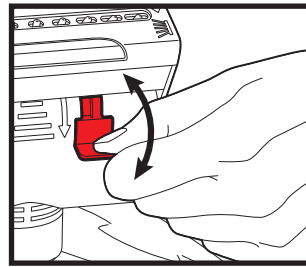

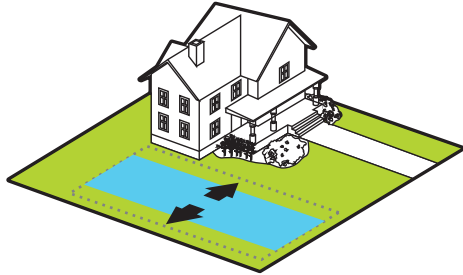

Simply remove the end-cap and attach another hose to connect an additional sprinkler if needed.

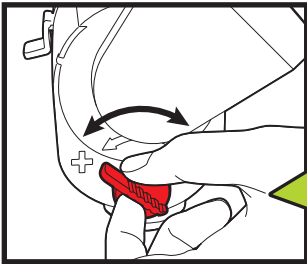

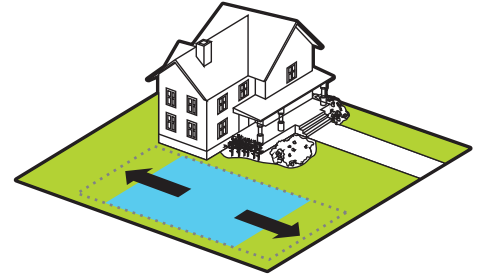

Width Control

Sliding tabs control the width (up to 59ft. (18m))

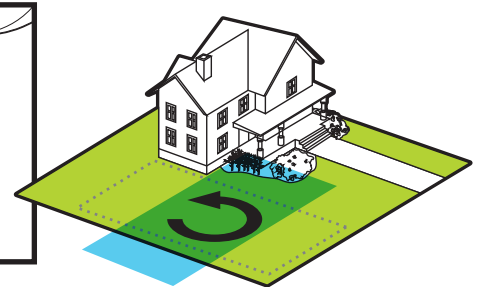

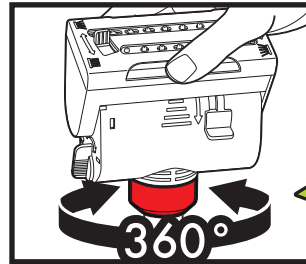

Range Control

Push down tabs control the length (up to 36.1ft.(11m))

Water Flow Control

Allows adjustment of overall watering area.

360° Rotation Adjustment

Allow simple incremental angle adjustments without moving the sprinkler and hose.

⚠ CAUTION ⚠

- For outdoor use with cold water only
- Do not spray near electrical connections
- When not in use, rinse the tool with water to remove most of the dirt, dry your tool, and store indoors

This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov

The Quick Connect Adapter (2 pcs) and Hose Connector with Water Stop (1 pc) simplify your watering experience. Simply attach the connector at the end of your hose. Then, connect the adapters to your watering tools. Interchange various tools in a snap without turning off the water as the adapter will stop the water flow. No more kinking or hose twisting as the adapter allows the hose to swivel 360 degrees.
