changes and protection against damage

Ergonomic in design to reduce fatigue

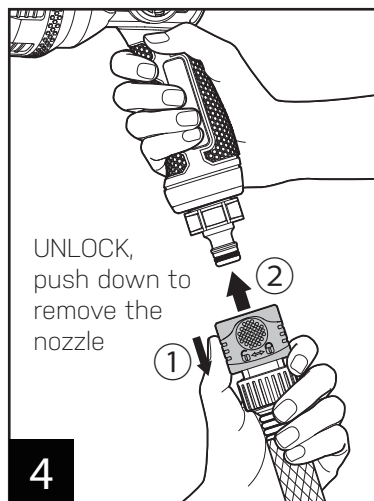

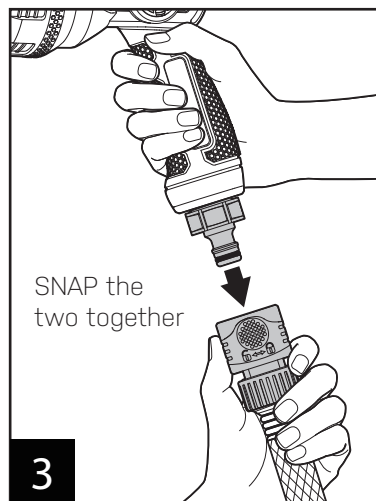

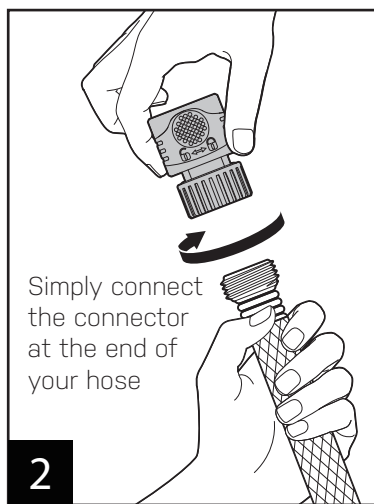

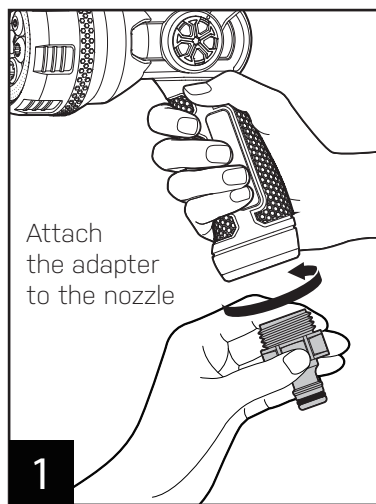

Put the power of a fire hose in your hand! Nothing beats the power and performance of a fire hose. Our innovative design adds comfort and control to produce the perfect size spray for home and garden use. The Ultimate High Pressure Flow Fireman's Nozzle features reliable, smooth operation every time.

Wash your car, water the flowers or simply rinse your outdoor walls, it quickly and easily adjusts from a gentle spray to a high-pressure stream to ensure maximum water pressure where you want it. The new ergonomic honeycomb handgrip design provides a non-slip grip in all conditions thus avoiding manual dexterity and fatigue challenges.

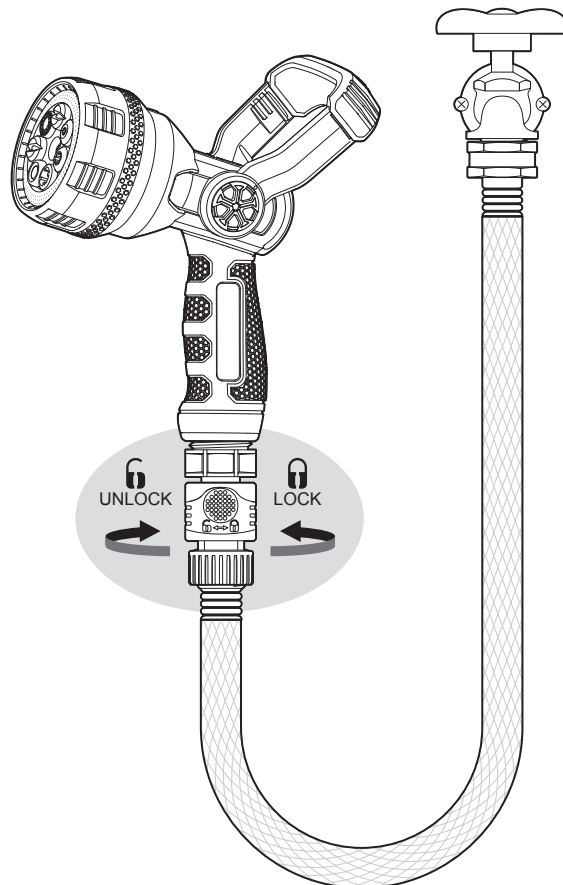

With a durable, rubberized, and easy-to-grip handle, this nozzle resists damage, rust, leakage, and stands up to abuse for years of reliable operation and a lifetime of dependable performance. Zinc alloy inner core shaft is durable and longer lasting.

The oversized control
adjusts between off &
fully open water pressure

Secure twist-and-lock mechanism prevents accidental disconnection

⚠ CAUTION ⚠

- For outdoor use with cold water only
- Do not spray near electrical connections
- When not in use, rinse the tool with water to remove most of the dirt, dry your tool, and store indoors

⚠ WARNING: This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

The Quick Connect Adapter (2 pcs) and Hose Connector with Water Stop (1 pc) simplify your watering experience. Simply attach the connector at the end of your hose. Then, connect the adapters to your watering tools. Interchange various tools in a snap without turning off the water as the adapter will stop the water flow. No more kinking or hose twisting as the adapter allows the hose to swivel 360 degrees.
