Ergonomic design lessens hand and wrist fatigue

TURBO

Quick Connect Starter Set fits all standard garden hoses and watering tools

## REACHING CHALLENGING WATERING TASKS

Make watering and cleaning hard-to-reach places easier with the Eden PRO Metal 4-Pattern 18" Turbo Watering wand. Forget about using expensive pressure washers with a compact pressure spraying wand. The Turbo Wand cleans all surfaces using a precise compact stream of water that twists as it cleans. The circular twisting pulse motion quickly washes dirt and debris away.

The PRO Metal 4-Pattern 18" Turbo Watering wand helps you tackle your most challenging cleaning chores. With four adjustable spray patterns, you can go from watering hanging baskets and delicate plants to cleaning cars or gutters. Easily adjust the water flow with the smooth thumb control. No squeezing of the handle is required.

### Features:

- Quick and easy connections to standard U.S. garden hoses, sprinklers, nozzles, etc.
- 180° pivoting head with four unique spray patterns.
- Built-in thumb control for more comfort and less effort.

**Turbo:** Great for cleaning large surfaces (gutters, driveways, windows, decks, etc.)

**Jet:** Creates precise narrow strips for hard-to-reach areas (cleaning soffits, porches, balconies, lawnmowers, etc.)

**Flat:** Creates a wide spray of water to clean up leaves and dirt.

**Cone:** Gives you a circle of spray so that you can water a ring of plants all at once.

CONE

FLAT

JET

### ⚠ CAUTION ⚠

- For outdoor use with cold water only
- Do not spray near electrical connections
- When not in use, rinse the tool with water to remove most of the dirt, dry your tool, and store indoors

**⚠ WARNING:** This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

The Quick Connect Adapter (2 pcs) and Hose Connector with Water Stop (1 pc) simplify your watering experience. Simply attach the connector at the end of your hose. Then, connect the adapters to your watering tools. Interchange various tools in a snap without turning off the water as the adapter will stop the water flow. No more kinking or hose twisting as the adapter allows the hose to swivel 360 degrees.
