

5" Sprinkler Riser (10-Pack)

Rugged construction:
Polypropylene material
is built to last

5 inch riser increases
the height of your sprinkler
and extends your reach

Offers more flexibility to
adapt to your watering needs

Corrosion proof

No tools required,
hand tighten only

1/2 inch thread pattern

Increase the height and reach of your sprinklers by adding this 5" riser. By elevating your sprinklers, you will not only be able to water over obstacles or tall plantings, but also reach further. This is a great way to expand your irrigation system and make your sprinklers work more efficiently for years.

Up to two additional risers can be added to each sprinkler for an extra 10" of height, providing your plants with a soft water flow that will keep them healthy and growing all season long. The risers are designed to be used with Eden sprinkler systems such as the Flex Design Sprinkler Set (98063EDAMZ), Daisy Sprinkler Set (97065EDAMZ), Multi-Adjustable Spike Sprinkler Set (96093EDAMZ), Adjustable Revolving Sprinkler with Spike (94141EDAMZ), Mini Misting Tower Kit (95143EDAMZ), etc.

FEATURES & BENEFITS:

Rugged Construction: Made of polypropylene material to last season after season

Easy Setup: Easily installed with no special tools required

Water from Above: Great for watering over taller plants or bushes

Better Coverage: Raise your sprinkler heads for additional coverage

Perfect for watering lawns and gardens

Vegetables

Fruits

Lawn

Agricultural

Horticultural

Garden

Works with all Eden sprinklers systems such as Flex Design Sprinkler (98063EDAMZ) / Flex-Design Daisy Sprinkler Set (97065EDAMZ), Multi-Adjustable Spike Sprinkler with Extension Set (96093EDAMZ), Adjustable Revolving Sprinkler with Spike (94141EDAMZ), etc...
